

Dean Campbell CRSP

Dean has worked for the past 32 years in the Occupational Health & Safety field with a variety of portfolios including Occupational Safety, Corporate Security, and Environmental programs. During his time developing safety programs for commercial explosives manufacturing and in the Aerospace industry he developed a passion for fire safety as there are no second chances in the explosives and aerospace fields. Dean made the quantum leap to Healthcare 17 years ago and is currently with Shared Health in the capacity of Fire Marshall.

His passion for fire safety led him to join the Municipal Fire Service and for the past 26 years has been a proud member of the RM of Woodlands Fire Department. During his time with the Department, Dean has honed his skills and experience as a structural, agricultural and wildland fire fighter. He currently serves the Department as Fire Chief.

Dean is a graduate of University of Manitoba, OH&S Certificate program, a Canadian Registered Safety Professional (CRSP), a Fire Fighter, Hazardous Materials Technician, Fire Investigator and Fire Inspector.

As a member of the Manitoba Association of Fire Chiefs (MAFC), Dean serves the Association sitting on the Board of Directors.

Dean and his wife Kathy are proud parents to 3 grown children and very proud grandparents of 4 grandchildren. Hobbies—anything mechanical especially if it has an engine attached but that's a whole different story....
