

ABOUT ALEX ROWNTREE

Alex Rowntree had been in Safety & Environment for over 22 years. During that time, he worked in many different industries. They are pharmaceuticals, furniture, rocket and missiles, academics, aerospace/satellites, foundries, construction, malting and currently in plastic manufacturing. Each of these have their own unique challenges for safety, health and environment impacts. Alex enjoys the challenges and is always looking for ways to improve safety and make the workplaces safer for his fellow worker and protect the world around us. Plus, Alex is a proud Board member of IPAM and sits on conference committees for Safety Service Manitoba and Manitoba Environmental Industries Association. He is also a board member on the Made Safe Safety Council.
